# There are **3 WAYS** to Register for Community Education Classes!

## ONLINE

Visit our website at  
***pvschools.ce.eleyo.com***

## BY MAIL

Send completed registration form and check to:  
**Community Education Department**  
**15032 N. 32nd St.**  
**Phoenix, Arizona 85032**

## WALK IN

Bring completed registration form  
and cash or check to our office at:  
**15032 N. 32nd St. Phoenix, Arizona 85032**  
*(Just south of Greenway Road)*

### Office hours:

Monday - Friday, 8:00 a.m. - 4:30 p.m.

### Summer hours (June 5 - July 21, 2023):

Monday - Thursday, 8:00 a.m. - 4:30 p.m.

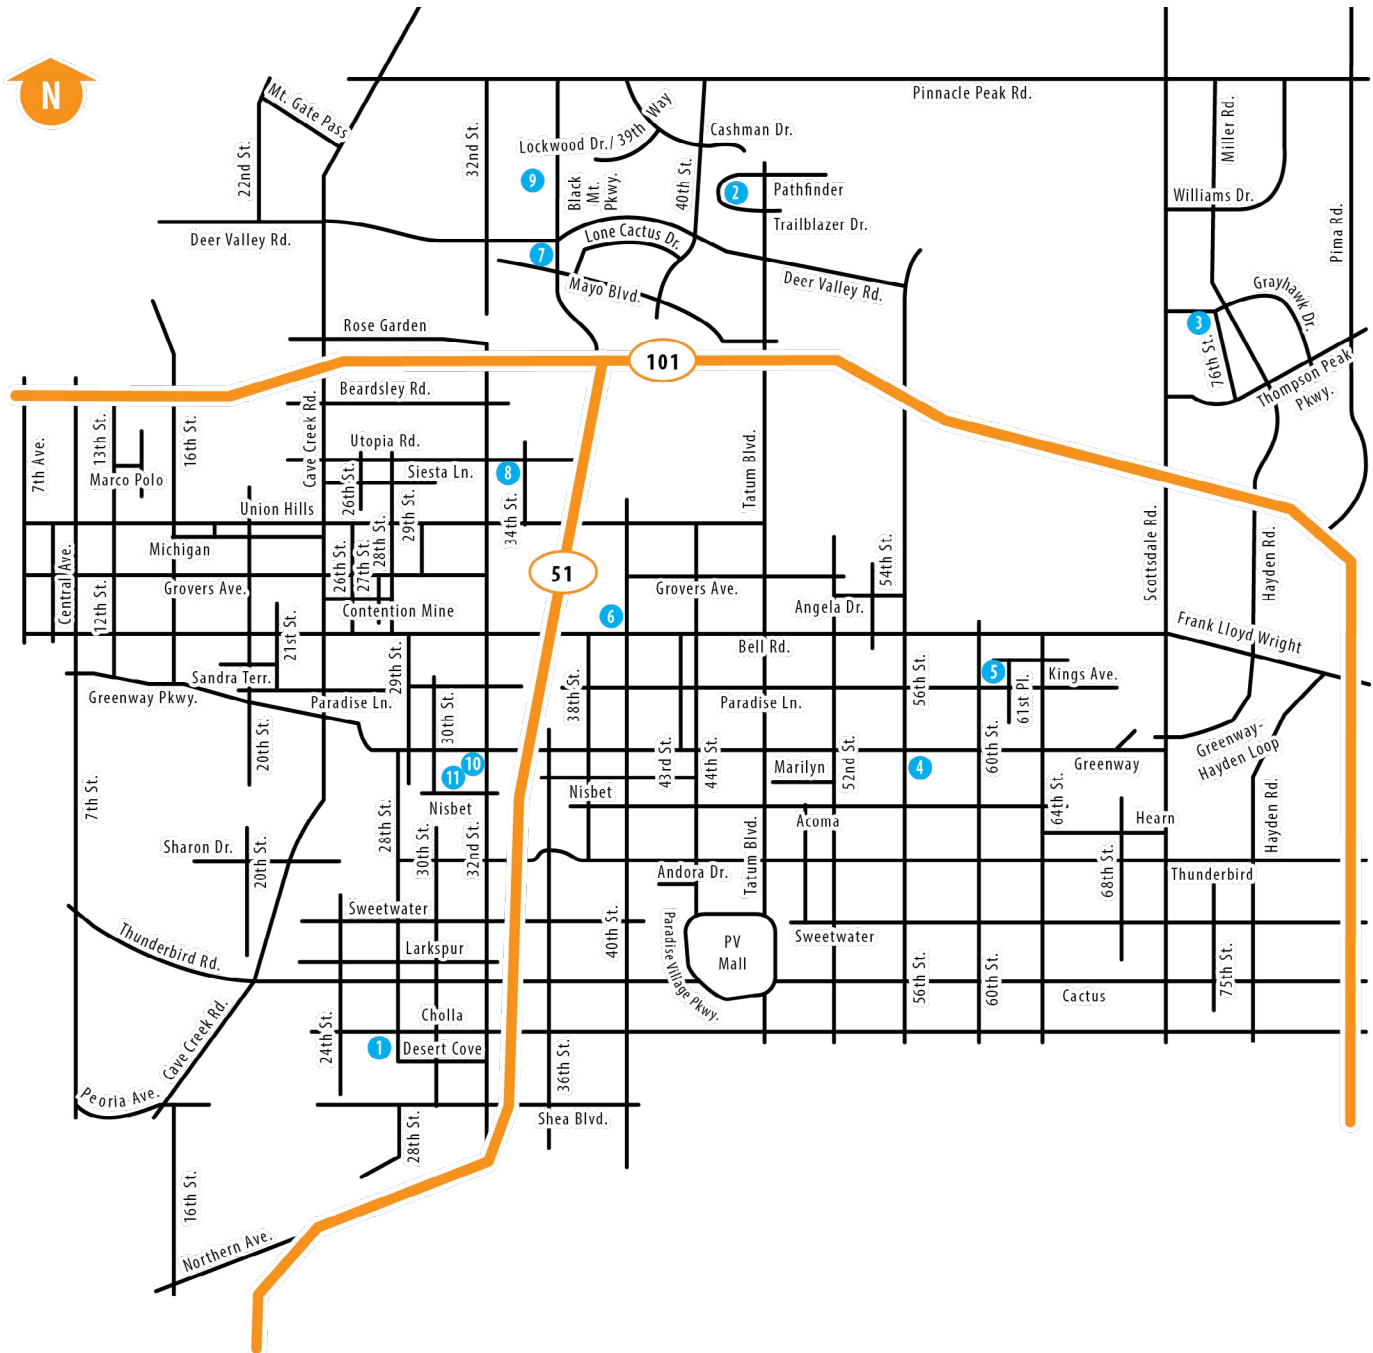

## IMPORTANT INFORMATION

- Early enrollment will ensure best selection.
- Drop off no earlier than 10 minutes prior to start time.
- Pick-up must be promptly at the published end time. A late pick-up fee of \$2 per minute will be assessed starting 10 minutes after dismissal. If a child is picked up late on a third occasion, a late pick-up fee of \$5 per minute will be assessed and the child will be dropped from the program with no refund given.
- Children must be potty-trained to participate.
- There will not be a school nurse on staff during summer school.
- Children must follow all school district rules and behavior expectations. Failure to comply may result in suspension or removal from class without a refund.
- Classes may be canceled due to low enrollment.
- All summer programs are peanut-free sites. All items in your child's snack and lunch should be peanut-free.
- Choose classes based on grade assignment for the 2023/24 school year.
- Classes are planned for group instruction. Please contact Community Education if your child requires specific accommodations.

## REFUND POLICY

Enrichment refunds are available until the start of session and include a \$25.00 processing fee.  
To request a refund please email [amoloney@pvschools.net](mailto:amoloney@pvschools.net) and include all pertinent information.  
A **full** refund and notification will be given **only** if the class is canceled.

# STEM ACADEMY

**May 30 - June 2 & June 5 - June 8**

**9:00 a.m. - 12:00 p.m. • Grades 4-9**

**Tuition: 8 days for \$290 per child** *(All three content areas included)*

## ENGINEER MAKERS

Children will investigate and explore different types of mini golf holes while learning about the engineering process. They will use a variety of recycled materials to design, build, and test a mini golf hole.

## TECH MAKERS

Children will find the perfect way to "make" things happen with code. Your child will use a variety of platforms to learn to code and expand their coding language.

## MAKER SPACE

Makerspace is a place where things are made! It is a place for hands-on learning with a variety of tools for creativity. Children will have the opportunity to explore different materials and tools to create something new or improve something that already exists.

**REGISTRATION DEADLINE: May 25, 2023 at 4:30 p.m.**

STEM Academy tuition paid by credit card will be charged on May 26, 2023.

**Paradise Valley High School (C.R.E.S.T. Building)**

3950 E. Bell Rd., Phoenix, AZ 85032

To report an absence, or for questions, contact Mrs. Chan at [dchan@pvschools.net](mailto:dchan@pvschools.net).

# Grayhawk Summer School

**June 5 - June 29, 2023**  
**Monday - Thursday • 9:00 a.m. - 2:00 p.m.**  
**Tuition: \$155 per 1½-hour Class • \$310 per 3-hour Class**

**REGISTRATION DEADLINE:**  
**May 31, 2023 at 4:30 p.m.**

**Summer school tuition paid by credit card  
will be charged on June 1, 2023.**

## Course Descriptions

*Please enroll your child in the grade level they will enter for Fall 2023.*

### Art of Science

Explore, manipulate, and discover art and science together. Each art activity will have a science component such as painting with water and oil, painting with ice cubes, making silhouettes, and baked drawings. Children will be amazed with the beauty of art, the fun of creation, and fascinating science.

### Craftivity

Does your child see the potential for art projects everywhere? Do they thrive on creating funky art and crazy crafts? Your child's creativity will flourish as children express themselves while discovering their potential with each concoction. They will create a variety of creative projects and let their artistic juices flow!

### DIY Style Creations

Does your child enjoy being creative and artistic? In this course, your child will create a variety of Pinterest™ inspired DIY projects including jewelry, hair accessories, t-shirts, desk art, and homemade beauty products.

# Course Descriptions • Grayhawk

## Doozaster

A monsoon storm has just destroyed our local zoo! Your child will be challenged to rebuild the zoo, keeping in mind the needs of the animals it houses. Through this creative collaborative project, children will learn the impact of weather on the environment and understand the food chain and its role on an animal's habitat.

## Extreme PE

Children will stay active by focusing on teamwork while playing some well loved games and sports! Children should remember to wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## Happy UnBirthday Party

This class is an exciting 4 week UNBIRTHDAY PARTY BASH! Every day children will do something different and exciting that they would love to do at an unforgettable birthday party. Activities may include crafts, singing, games, and lots more!

## Hand Sewing

7 key stitches to know...running stitch, back stitch, slip stitch, blanket stitch, whip stitch, catch stitch, and a blind hem stitch when learning to hand sew. Over the course of the summer we will begin with the basics and each child will grow at their own pace. Children will be using needles and thread to create items to be saved, treasured, or gifted.

## Itty Bitty Adventure

Your child is invited to join this fun afternoon program that will allow younger children to explore all types of enriching activities. Activities may include items like LEGO® blocks, Play-Doh®, arts and crafts, music, games, movement, and much more.

## Kindergarten Jumpstart

This is a wonderful opportunity for your incoming kindergartner to prepare for the first day of school. Children will focus on blending sounds, CVC words, sight words, and early reading comprehension. Children will also focus on math skills including math facts, competency with counting, understanding addition and subtraction, and place value. All concepts will be paired with movement, hands-on activities, and enriching projects. *Children must be potty-trained and turn 5 years old prior to June 5, 2023.*

## No Bake Cooking

This class will teach children to prepare healthy snacks that require little preparation and no baking! They will utilize writing, math, and reading skills to follow recipes. Children will bring home treats and a recipe book for the whole family to enjoy! Allergy information: Please be aware that nuts, gluten, berries, dairy, and other potential allergens will/may be utilized in this class.

## Outrageous Oceanography

Do the mysteries of the ocean mystify your child? Your child can become an oceanographer as we delve into the world of the ocean, perform experiments, and create amazing projects!

## Space Explorers

If the night sky makes your child curious they should explore what is out there! They will become astronauts as they plan their journey into space to learn about the different planets and constellations. Children will be engaged in activities, experiments, and make out-of-this-world crafts all related to space.

## Sports Mania

Children will participate in a variety of individual and group sports activities while focusing on teamwork and cooperation. They will make new friends while staying active and learning new life skills. Children should wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## STEM Creationeers

Create, construct, and engineer! In this exciting class, your child will examine concepts like aerodynamics and speed while researching, experimenting, and building creations like ramps, wind cars, hovercrafts, airships, and rockets. Your child will get messy with STEM while designing, prototyping, and exploring the interesting world of STEM!

## Wacky and Wild Science

Is your child ready to learn the thrill and action of being a "mad" scientist? Children will become real live scientists as they explore safe and thrilling science experiments. They will predict, make hypotheses, record their observations, and share their results. Mad scientists will come and create havoc as they experiment with science!

## Who's That Artist?

Many famous artists, like Andy Warhol or Pablo Picasso, had signature styles that even your child can emulate! Children will study famous artists, view their paintings, and observe their style to replicate! For instance, Andy Warhol created pop art of ordinary products or everyday celebrities, often in different neon colors. The challenge will be to replicate the style by creating a project using similar colors or products!

Itty Bitty Adventures	K-1
Animal Antics	1-3
Rockets	1-4
Sports Mania	1-4
Travel Through Time	2-5
Science Mania	2-6
Zombie Apocalypse	2-6

## Course Descriptions

**Please enroll your child in the grade level they will enter for Fall 2023.**

### Amazing Art

Children will explore, discover, create, and have fun drawing and much more. Budding artists will use a variety of art mediums to create art masterpieces.

### Animal Antics

Caring for pets, making a bird feeder, learning about endangered species, and discovering the duties of a vet are some of the educational, creative, and fun activities in this unique class. Children will learn animal behavior facts, tricks, and tips on grooming, feeding, and becoming a responsible pet owner.

### Bonanza Extravaganza

Adventure begins here! This class has everything from building things, tools, sports and destruction to zombies, bugs, and everything gross.

### Dog Days of Summer

From Chihuahuas to Great Danes, children will enjoy the dog days of summer. They will discover all there is to know about a new breed of dog each day! What do they weigh? Where do they come from? What do they need? What is special about them?

# Course Descriptions • Mercury Mine

## Ever So Crafty

Your child will be introduced to a variety of art styles and artists. Using picture books, children will bring literature to life through their very own creations. They will be engaged in hands-on projects while discovering their inner artist!

## Experiment Explosions

Each day children will be challenged with a new experiment that will blow their mind! Experiments may include building an air-fort or finding a new use for an ordinary item.

## Extreme PE

Children will stay active by focusing on teamwork while playing some well loved games and sports! Participants should wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## First Grade Bound

It's time for kindergarten children to get ready for first grade! Children will learn, make, and take home games to practice sight words, math concepts, reading, and phonics skills. During this interactive literature and game-based class, children will develop math/logic, critical listening, reading, speaking, and basic skills.

## Glam Camp

Glam it up! Children will have a GLAMOUR-ific summer creating dazzling projects. They will participate in slumber party activities this summer.

## Invention Convention

Calling all Junior Entrepreneurs! Children will explore and challenge their minds to create solutions for everyday problems.

## Itty Bitty Adventures

Children are invited to join this fun afternoon program that will allow younger learners to explore all types of enriching activities like LEGO™ blocks, Play-Doh™, arts and crafts, music, games, movement, and much more.

## Kindergarten Jumpstart

This is a wonderful opportunity for your incoming kindergartner to prepare for the first day of school. Children will focus on blending sounds, CVC words, sight words, and early reading comprehension. Children will also focus on math skills including math facts, competency with counting, understanding addition and subtraction, and place value. All concepts will be paired with movement, hands-on activities, and enriching projects. *Children must be potty-trained and turn 5 years old prior to June 5, 2023.*

## Math Academy

This is a great class for children who love math or who would benefit from a summer refresher. Children will work on basic math facts and number sense. This is a perfect way for children to improve their math skills through games.

## Reading 101

Your child will receive direct phonics and reading instruction while focusing on decoding, fluency, and comprehension. This class will help your child enhance their reading skills and confidence.

## Rockets

This is a fun and educational class where children will be building, launching, and learning about the exciting world of rockets. They will explore how to make several kinds of rockets with materials they find around the house.

## Science Mania

Children will become real life scientists as they explore safe and thrilling science experiments. They will predict, make a hypothesis, record their observations, and share their results.

## Sports Mania

Sign up your child for an amazingly dynamic and energetic class of games and sports. Your child will develop teamwork skills, coordination, and cooperation. Children should wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## Travel Through Time

Children will explore different types of transportation throughout history. From covered wagons to blimps and steamships, children will even create future means of transportation from their own imagination.

## Zombie Apocalypse

Children will engage in group and team building activities to survive the Zombie Apocalypse. They will use CDC materials to make decisions on how to be prepared, find shelter, appropriate supplies, and how to defeat zombies.

WHAT DO A DOG AND A CELLPHONE  
HAVE IN COMMON?

THEY BOTH HAVE COLLAR ID!

## Course Descriptions

**Please enroll your child in the grade level they will enter for Fall 2023.**

### Adventures in the Wild

This summer your child will experience the planet's beautiful natural history. They will learn about the vast environments and the creatures that call this wonderful place home.

### Art Enrichment

Over the course of four weeks, children will create different types of projects that will range in a multitude of materials. They will incorporate different principles and elements of art and design while creating. They will be using clay, paints, and beads to create and, most importantly, have fun.

### Artists Impression

Children will explore the world of art design this summer. They will experience and examine art design with paint, markers, recycled materials, natural materials, paper, and clay.

# Course Descriptions • North Ranch

## The Ball is in Your Court

This class has been designed to challenge your child's gross motor skills. During this class, children will participate in games involving a myriad of different types of balls. They will engage in throwing challenges, games of skill, relay races, and much more.

## Brain Power

Children are invited to join this class in order to explore a range of STEM (Science, Technology, Engineering, Math) challenges. They will learn from crazy cool chemical reactions, engineering challenges, maker space days, and more. Everyday is a new challenge and is sure to keep your learner engaged, entertained, and educated!

## Building Great Scientists

Children will explore a wide variety of scientific fields including astronomy, engineering, and physics. They will conduct hands-on projects and experiments including exploring magnetism, building rockets, and more as they practice the scientific method.

## Creative Expression

Each day, children will apply their ideas to hands-on art forms. Some activities may include storytelling through pictures, weaving, sculpting, puppets, painted rocks, and beadwork. Your child will put their creativity into action!

## Daydreamers Academy

Children will have the opportunity to use graphic design/visual literacy to design and create comic books, infographics, posters, and more. Throughout the program, they will complete small projects that involve some research and present knowledge that they have gained.

## Days in the Desert

Your children will immerse themselves in the world of desert wildlife! They will learn about the amazing adaptations that animals living in this unique environment must have. Each day they will be learning through literature, science, and arts and crafts to answer questions about survival.

## Enchanted Engineering

Structures, bridges, and things that go! Children will help some of their favorite fairy tale characters solve engineering challenges. Troll broke their bridge? They can build a new vehicle to solve the problem. Big Bad Wolf on his way? They will create, inspect, and test their structures to make sure they are strong enough to withstand the strongest winds.

## For the Love of Mo Willems™

Children will explore exciting Mo Willems™ books this summer. From pigeon stories to those about cats and elephants-children are sure to be laughing and reading on this adventure. Exhilarating activities will accompany every hilarious book to create the perfect environment for reading entertainment.

## Goofy Games

Children will have fun playing all kinds of fun and silly games from shoe relay to elbow tag! This class will keep children active and healthy while they participate in wacky sports and games that will keep them laughing at the same time!

## Imaginook

Does your child like crafts? Do they love to make stuff out of clay, paper, glue, scissors? This class is for creative souls who love to paint, draw, cut, and assemble to create true masterpieces with a variety of techniques and media (watercolors, acrylic, 3 types of air-dry clay, collages, and more).

## Kinder Jump Start

This is a wonderful opportunity for your incoming kindergartner to prepare for the first day of school. Children will focus on blending sounds, CVC words, sight words, and early reading comprehension. Children will also focus on math skills including math facts, competency with counting, understanding addition and subtraction, and place value. All concepts will be paired with movement, hands-on activities, and enriching projects. *Children must be potty-trained and turn 5 years old prior to June 5, 2023.*

## Math Quest

This is an active, intriguing class that will reinforce numbers and operations that were introduced in kindergarten and first grade. This class will provide an excellent opportunity for young learners to sharpen their math skills as they prepare for a new classroom in the fall.

## Milk and Bookies

Does your child love to read? Do they love a good book? In this class, your child will share their love of reading with their classmates. Children will focus on all aspects of reading including decoding, phonics, fluency, and comprehension.

## Moon Walkers & Ocean Trekkers

This summer children will delve into the darkness to see what lies beneath. From the dark, scarcely discovered depths of the ocean to the boundless expanse of space, we'll explore below and beyond our wonderful planet.

## Move It

Does your child like to move it, move it? Sign up your child for this class where they will experience physical activities. Activities may include scooter sports, basketball, soccer, and many others. Focus will be on team play, rules, strategies and daily exercise.

## Multi Media Art

Using a variety of materials including watercolor, clay, and more, children will learn important artistic techniques such as perspective, horizon line, detail work, and molding. They will create beautiful paintings, intricate sculptures, and fabulous crafts inspired by the works of famous artists.

## Myths & Mysteries

In this exciting and spine-tingling class, children will explore the myths and mysteries of the world. They will look into the past and present, ranging from the myth of Bigfoot to the wonders of Stonehenge and be amazed at the stories they will find.

## Polar Explorations

In this class, children will find out more about animals from both the Arctic and Antarctic regions. They will participate in activities that will help them understand these frosty environments. Children will also participate in fun experiments that will show them how flippered and feathered creatures stay toasty in such chilly temperatures.

# Course Descriptions • North Ranch

## Pottery Studio

Children will learn several hand building techniques for working with clay to create amazing masterpieces to take home and display. Along the way children will learn about the history of pottery and ceramics.

## School of Craft

Does your child like crafts? Do they love to make things out of clay, paper, glue, stickers, and cardboard? This class is for creative souls who love to paint, draw, cut, and assemble to create true masterpieces with a variety of techniques and media.

## STEM in Action

Children will explore STEM concepts by participating in small group experiments and design challenges. They will test and record data to share. Focus will be on design, testing, revising, and rebuilding.

## Strategic Math Games

So many games, so little time. Your child is invited to play an accumulation of varied games. These games run the gamut from logic to competition. There will be single player logic games, multiplayer games, some team games as well as competitive games. These games may utilize logic, chance, critical thinking, geometry, or even number sense. Children will practice their math skills while having fun.

## Summer at Hogwarts™

Children will learn about the secrets of Hogwarts™, Harry Potter™, and "Fantastic Beasts and Where to Find them™". Each child will be sorted into one of the four Hogwarts™ houses, make their very own wand, and participate in various magical classes, including potions and herb-ology.

## Summer Sizzler

Children will be going on a wonderful and fun reading adventure this summer. They will listen, read, write, and create projects and crafts based on the story of the day. It's a storytime they will never forget!

## Think It! Design It!

This class will allow children the opportunity to integrate science, engineering, and mathematics in a meaningful way. This STEM program provides children with an engineering design challenge that requires them to use core ideas and practices from the different STEM disciplines to develop solutions to problems.

## Unearthed History

What happens when history, archaeology, and paleontology unite? Children will unearth ancient history from around the world through hands-on experiments and a deep dive into the people and animals of the past!

## World of Museums

Has your child ever wondered how exhibits are made or how artifacts are chosen and cared for? This summer they will get a behind-the-scenes look at the museum world! Children will interact with a variety of museum staff while they create their own mini-exhibit to be showcased at the end of the month.

WHAT DO YOU CALL A DOG ON THE  
BEACH IN THE SUMMER?

A HOT DOG!

The PV Gifted Summer School program has been planned and developed by certified gifted instructors. Participation in these classes is limited to children who have been designated by PVSchools as having gifted qualifications; *upon enrollment our coordinator will verify your child's qualifications*. Class sizes will be small, with a maximum of 18 children. Kindergarten classes will have a maximum of 14 children to allow for a deep and targeted focus on learning.

## Course Descriptions

**Please enroll your child in the grade level they will enter for Fall 2023.**

### Arts Smarts

Children will delve into their art smarts and enjoy learning different styles of art while working with various mediums! Children will be encouraged to be creative, get messy, and make a masterpiece! Each child will have a chance to explore their artistic side and make several different art pieces to share with the world!

### Craftivity

Does your child see the potential for art projects everywhere? Your child's creativity will flourish as children express themselves while discovering their potential with each concoction. They will create a variety of creative projects and let their artistic juices flow!

### Globetrotters

Children will travel around the world virtually to visit several different countries. Young explorers will learn the geography, culture, traditions, and specialties of exotic places. They will also incorporate crafts from around the world into daily learning as they stamp their passport of adventure!

# Course Descriptions • Gifted at Quail Run

## Kindergarten Scholars

Calling all kindergartners! Children will explore enriched and challenging curriculum while learning about interest-based topics. Children will focus on blending sounds, CVC words, sight words, and early reading comprehension. Children will also focus on math skills including math facts, competency with counting, understanding addition and subtraction, and place value. Your learners will be ready for kindergarten and beyond after this exciting class! *Children must be 5 years old and potty-trained by June 5, 2023.*

## Science Sleuths

Is your child ready to learn the thrill and action of being a wild scientist? Children will become real live scientists as they explore safe and thrilling science experiments. They will predict, make hypothesis, record their observations and share their results. Science Sleuths will create science havoc and explore scientific mysteries as they experiment with science!

## Sports Unleashed

Does your child love sports? Are they ready for extreme games, sports, and exercise? This advanced sports class will get their heart pumping through creative workouts for a variety of sports! Each child will stay active through games, fun drills, challenges, and music integration while staying fit.

## STEM Challenge Inspired

Children are welcome to join the journey of tackling challenges in science, technology, engineering, and math. This summer children will visit the world of Harry Potter™, the Vikings, the Roman Empire, travel to Antarctica, a desert island, a pioneer town, and space. STEM Challenge is inspired by literature, history, science, technology, engineering, and mathematics while incorporating amazing tactile activities.

## STEMgineers

Is your child curious about how things operate? Children can jump into the world of engineering and design in this STEM class where they will design and construct a variety of projects and explore the principles of STEM. These junior engineers will be hands-on, building, exploring and testing, as they would in the design process.

## Tech Titans

Children who love technology will love this class! They will work in an enriching, creative virtual playground where they will learn valuable skills in critical thinking as well as digital citizenship. Programs explored will include Websites and Blogging, Google Suite, movie making, and much more!

## Course Descriptions

**Please enroll your child in the grade level they will enter for Fall 2023.**

### Art Blast

Does your child have an eye for color? A knack for sketching? Children will explore, discover, create, and have fun learning about drawing and much more. Budding artists will use a variety of art mediums to create art masterpieces. This class will push your child's art skills to the next level.

### Chalk and Charcoal

Discover different methods of using chalk and charcoal to make dazzling masterpieces big or small on different surfaces including paper and sidewalks. Children will have an opportunity to use chalk, charcoal, oil pastels, colored pencils, Sharpies™ and more to see how differently they look on paper, canvas, cardstock, and other surfaces.

### Craftivity

Does your child see the potential for art projects everywhere? Do they thrive on making crafts, creating funky art, and creating crazy crafts? Creativity will flourish as children express themselves while discovering their potential with each concoction.

# Course Descriptions • Sky Crossing

## Cookie and Cupcake Decorating

Children will learn the history of cake decorating the different types and the essentials of being successful. They will be baking cookies and cupcakes to practice their newly learned techniques on. Allergy information: Please be aware that nuts, gluten, berries, dairy, and other potential allergens will/may be utilized in this class.

## Doozaster

A monsoon storm has just destroyed our local zoo! Your child will be challenged to rebuild the zoo, keeping in mind the needs of the animals it houses. Through this creative collaborative project, children will learn the impact of weather on the environment and understand the food chain and its role in an animal's habitat.

## Escape The Class

Each week children will be split into 2 groups. Each group will create a puzzle, create the clues, hints, hide the puzzles, and create the entire "Escape the Room" set up for the other team. This challenge will require creativity, cooperation, higher level thinking, and patience. Each Thursday the teams will switch rooms and try to Escape the Class.

## Extreme PE

Children will stay active focusing on teamwork while playing some well loved games and sports! Children should remember to wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## Field Day

On your mark, get set, GO! We will compete as teams and individually in some traditional field day games as well as new wild and crazy challenges. Sign up today if you are up for the challenge of having fun all summer long! Children should wear comfortable clothes, gym shoes, and bring a water bottle with their name on it.

## Giggles & Games

Children will read hilarious books, play thrilling board games, and participate in exciting indoor games. Children will be exercising their minds and bodies while laughing their way through the day.

## Habitats and Hideouts

Has your child ever wondered where animals go to sleep, eat, or hide? In this class, they will learn about some of their favorite animals, the habitats they live in, and their favorite ways to hide. Over the course of the summer children will build their own animal habitat for their very favorite animal. Save a shoebox now for them to bring in this summer!

## Kindergarten Jumpstart

This is a wonderful opportunity for your incoming kindergartner to prepare for the first day of school. Children will focus on blending sounds, CVC words, sight words, and early reading comprehension. Children will also focus on math skills including math facts, competency with counting, understanding addition and subtraction, and place value. All concepts will be paired with movement, hands-on activities, and enriching projects. *Children must be potty-trained and turn 5 years old prior to June 5, 2023.*

## Mad World of Science

Explore the many wonders of science. Your hands-on discoveries will span from gross and slimy to amazing and out of this world.

## Rock and Canvas Painting

Children will create new works of art on rocks through various painting techniques. On other days, they will try their hand at creating their very own masterpiece on canvas using the medium of their choice. Their creations will be perfect additions to any outdoor or indoor spaces.

## Seed Art

Seeds aren't just for planting -- they can grow into colorful and creative pictures. Children will use natural items like popcorn, lentils, beans, and poppy seeds to create an amazing crop of art this summer.

## Sneaky Science Inventions

Children will discover what it takes to become an inventor by doing experiments with everyday household items, like generating electricity with a potato or making plastic out of milk. Children will be testing their abilities in an array of experiments that may include building a ferris wheel, making an iPhone™ stand, making raisins dance, and watching water rise.

## STEM Zone

Children can jump into the world of engineering and design in STEM Zone! They will design and construct a variety of projects and explore the principles of STEM. STEM Zone offers hands-on activities that will allow children to test and explore their creations.

## Under the Sea

Do the mysteries of the ocean mystify your child? They can become oceanographers as they delve into the world of the ocean, perform experiments, and create amazing projects!

## You Can BUILD It

Calling all building engineers! Children will become LEGO® block architects as they build exciting new creations. They will participate in timed challenges with manipulatives like LEGO® building blocks. Budding architects can build, test, and succeed with their own designs as they learn engineering principles!

# Middle School Summer School @ PV District Training Center

**June 12 - June 22, 2023**

**Monday - Thursday • 8:30 a.m. - 10:30 a.m.**

**Tuition: \$145 per 2-hour Class**

**REGISTRATION DEADLINE:**  
**June 7, 2023 at 4:30 p.m.**

**Summer school tuition paid by credit card  
will be charged on June 8, 2023.**

COURSE	GRADE
English/Writing .....	7-8
General Mathematics .....	7-8

## Course Descriptions

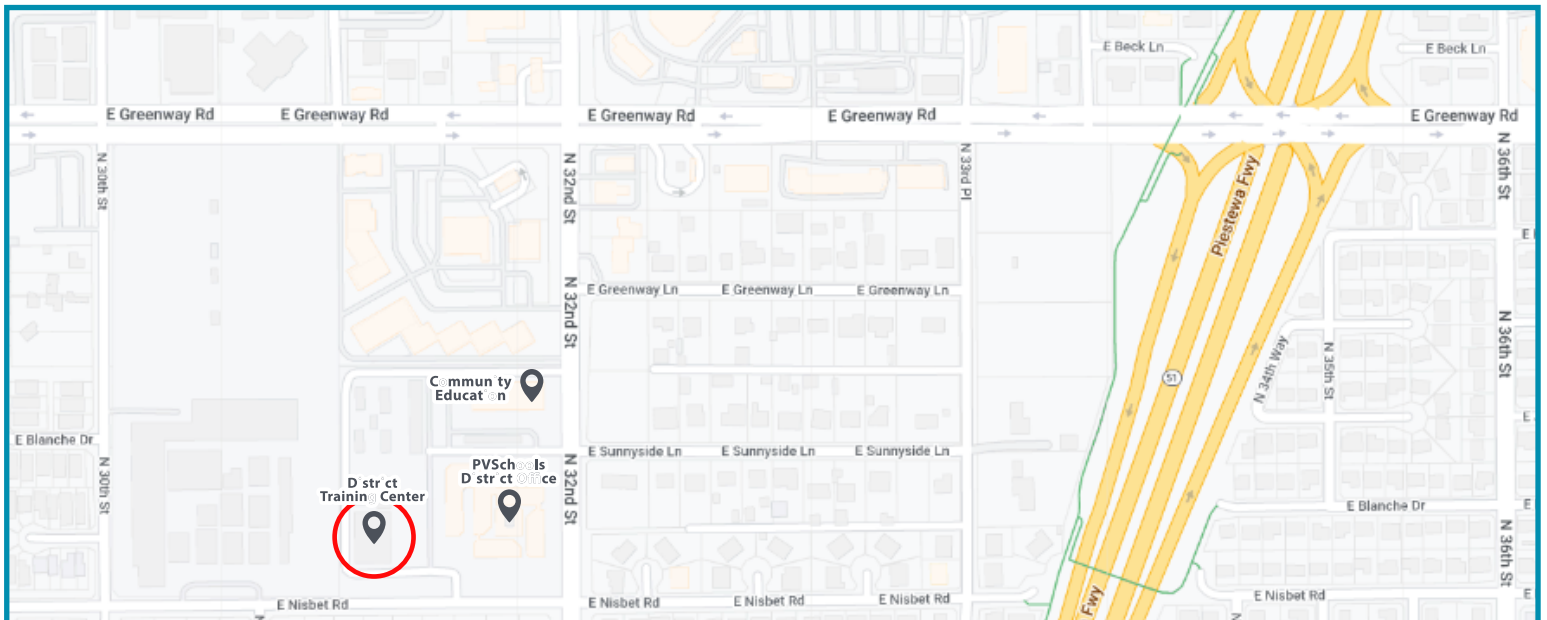

**Please enroll your child in the grade level they will enter for Fall 2023.**

### English/Writing

In this English and Writing course, children will develop complex writing skills and apply punctuation, grammar, and syntax skills. The class will concentrate on grade appropriate vocabulary, practice reading fluently, and focus on reading comprehension. This class is a combined 7th and 8th grade English/Writing course.

### General Mathematics

In this concentrated mathematical class, the curriculum is geared towards children in middle school. They will review problem solving, addition, subtraction, multiplication, division, fractions, decimals, and geometry. Children will also experience an introduction to Algebra. All math concepts will be enhanced by using engaging math games. This class is a combined 7th and 8th grade General Math course.

# July Classes at Desert Trails

**July 5 - July 13, 2023**

**Wed - Thurs, and Mon - Thurs • 9:00 a.m. - 12:00 p.m.**

**REGISTRATION DEADLINE:**  
**July 2, 2023 at 4:30 p.m.**

## Course Descriptions

*Please enroll your child in the grade level they will enter for Fall 2023.*

### **Athletes in Training Sports Camp (CS1045)**

Beginners and intermediate players in kindergarten through 5th grade are welcome. Our experienced and positive coaches will instruct children on skills each day as they play flag football, soccer, basketball, baseball, field hockey, kickball and more. It is our belief that keeping sports fun encourages children to stay active and to keep playing sports throughout their childhood, while improving self confidence and skills. We reinforce sportsmanship, team cooperation, and character. *Questions?* Contact AIT at **(480) 786-9454**.

School	Room	Grades	Day	Dates	Fee	Time
Desert Trails	MPR	K-5	W-Th, M-Th	7/5 - 7/13	\$150	9:00 a.m. - 12:00 p.m.

Young Rembrandts

### **Cartoon Summer Camp with Young Rembrandts (CS1118)**

Children are invited to lace up their hiking boots and pack their binoculars for an adventure through the forest with Young Rembrandts drawing class. Children will create forest-inspired illustrations, detailed colored pencil drawings, and draw exciting woodland animals. A forest filled with fun awaits, enroll your artist today!

*Questions?* Contact Young Rembrandts at **(602) 955-3729**.

School	Room	Grades	Day	Dates	Fee	Time
Desert Trails	Media	1-5	W-Th, M-Th	7/5 - 7/13	\$230	9:00 a.m. - 12:00 p.m.

CHESS EMPORIUM  
"Where Chess is Taught"

### **Chess Emporium (CS1156)**

Chess Emporium teaches a fun and exciting introduction to the game of chess where all skill levels are welcome. Class will teach game basics and cover introductory chess openings, game notation, basic tactics, introductory strategy, and basic endgames. Children will practice against classmates and participate in structured activities including fun chess variants (Bughouse chess), puzzles, and much more! Studies by major corporations have shown that chess can help children improve their math and verbal skills, creative abilities, and critical thinking abilities. Chess provides helpful insights into mathematics, visualization, analysis, and writing skills.

*Questions?* Contact Chess Emporium at **(602) 482-4867**.

School	Room	Grades	Day	Dates	Fee	Time
Desert Trails	Media	K-6	W-Th, M-Th	7/5 - 7/13	\$209	9:00 a.m. - 12:00 p.m.

### **Fizz, Bang, Boom: Science Matters (CS1411)**

Fizz, Bang, Boom will make your child's summer a blast! They will be solving the Mystery of the Growing Glove using the scientific method and the gator in the bottle will visit them throughout the camp. Your child will don their lab goggles for tons of exciting chemistry fun like hunting for science, catching rainbows in a test tube, trapping the foaming monster, and so much more! *Questions?* Contact Science Matters at **(602) 278-4357**.

School	Room	Grades	Day	Dates	Fee	Time
Desert Trails	Art	K-5	W-Th, M-Th	7/5 - 7/13	\$310	9:00 a.m. - 12:00 p.m.

# 2023 Summer Sports Camps

Sports Camp fees paid by credit card will be charged in advanced on the Thursday prior to the start of each session.

## Camp Descriptions

*Please enroll your child in the grade level they will enter for Fall 2023.*

### Horizon Spiritline Camp (CS1194)

Open to all current 8th graders and incoming transfer students interested in Horizon Spiritline. These clinics will be led by the Horizon Spiritline Coaching Staff and will allow interested athletes to learn more about each team. Tuesdays will be heavily focused on general gameday training like motion technique, jump technique, and gameday presence. Wednesday (cheer) / Thursday (pom) will have a heavier focus on the specific team technique, skills, and conditioning. Pom training will be led by Horizon Pom Coaches focusing on pom and jazz technique and required skills for our varsity team. Cheer training will be led by Horizon Cheer Coaches focusing on stunting and tumbling technique. This is a great opportunity to train with the current Horizon Spiritline members in preparations for our July Team Tryouts. Participants should wear athletic attire, dance/cheer/tennis shoes, and bring their own water. *Questions?* Contact Paige Hoffman at [hhsspiritlinecoaches@gmail.com](mailto:hhsspiritlinecoaches@gmail.com).

School	Room	Grades	Days	Dates	Time	Fee
Horizon HS	(Cheer)	9-12*	Tu & W	5/17 - 6/20	2:30 p.m. - 5:00 p.m.	\$200
Horizon HS	(Pom)	9-12*	Tu & Th	5/18 - 6/20	2:30 p.m. - 5:00 p.m.	\$200

*\*If you are a current Horizon student that is interested in joining our spiritline for the 23-24 season, please refer to the tryout tab on our website at [HorizonSpiritline.com](http://HorizonSpiritline.com). All current Horizon athletes are required to try out during our May auditions. These May and June clinics will only be offered to any and all interested incoming 9th graders and/or any incoming transfer students (in any grade).*

### Horizon Husky Volleyball Camp (CS1009)

The Husky Volleyball Camp will cover game play and skill instruction for boys and girls entering grades 7-12. The camp will reinforce the importance of team play and accommodate all skill levels.

*Questions?* Contact McKenna Skaggs at [mskaggs@pvschools.net](mailto:mskaggs@pvschools.net).

School	Room	Grades	Days	Dates	Dates	Fee
Horizon HS	Gym	7-12	Tu - Th	5/30 - 6/8	3:00 p.m. - 5:00 p.m.	\$150

### Horizon Wrestling Camp (CS1039)

Athletes will learn basic wrestling skills, drills, and exercises. Participants will gain functional strength, balance, and explosiveness through organized drills and live wrestling instructed by the Horizon Husky coaching staff. Beginners are welcome. *Questions?* Contact Coach Chris Hawes at (480) 329-7716.

School	Room	Grades	Days	Dates	Time	Fee
Horizon HS	Wrestling	9-12	M-Th	5/30 - 6/29	12:30 p.m. - 2:30 p.m.	\$125

### Pinnacle Baseball Camp for Freshman (CS1077)

Join Coach Messina and members of the Pinnacle coaching staff for summer baseball training. Instruction will include hitting, pitching, defense, base running, and team concepts. *Questions?* Contact Sam Messina at [smessina@pvschools.net](mailto:smessina@pvschools.net).

School	Room	Grades	Days	Dates	Time	Fee
Pinnacle HS	Varsity Baseball Field	9	Tu & Th	5/30 - 6/27	7:30 a.m. - 10:00 a.m.	\$60

# Camp Descriptions • Sports

## Pinnacle Boys Basketball Camp (CS1124)

This camp will cover the fundamentals of ball handling, shooting instruction, team offense and defense, driving, post work, and footwork. There will be games held daily ranging from 3-on-3 no-dribble to 5-on-5, half- and full-court. Every camper will receive a free camp shirt. *Questions?* Contact Coach Charlie Wilde at [cwilde@pvschools.net](mailto:cwilde@pvschools.net).

School	Room	Gr.	Days	Session 1	Days	Session 2	Days	Session 3	Time	Fee per Session
PHS	Large Gym	3-6	M-Th	6/5 - 6/8	M-Th	6/12 - 6/15	M-Th	6/19 - 6/22	1:30 p.m. - 3:00 p.m.	\$80 each or \$150 for 2 sessions or \$230 for 3 sessions
		7-9	M-Th	6/5 - 6/8	M-Th	6/12 - 6/15	M-Th	6/19 - 6/22	11:30 p.m. - 1:00 p.m.	\$80 each or \$150 for 2 sessions or \$230 for 3 sessions
		10-12	M-Th	6/5 - 6/8	M-Th	6/12 - 6/15	M-Th	6/19 - 6/22	9:30 a.m. - 11:00 a.m.	\$80 each or \$150 for 2 sessions or \$230 for 3 sessions

## Pinnacle Boys Basketball Shooting Camp (CS1124)

School	Room	Grades	Days	Dates	Time	Fee
Pinnacle HS	Large Gym	3-12	Tu-Th	5/30 - 6/1	10:00 a.m. - 11:30 a.m.	\$40

## Pinnacle Boys Soccer Camp (CS1371)

This camp is designed to build muscular endurance and speed for soccer through an intense daily weight lighting and circuit training regimen. Campers will challenge their decision making skills, technical skills, and tactical skills in daily Futsal soccer matches. *Questions?* Contact Coach Justin Hughes at (623) 229-5640.

School	Room	Grades	Days	Dates	Time	Fee
Pinnacle HS	Bldg E Weight Room/Small Gym	9-12	M-Th	6/5 - 7/28*	10:30 a.m. - 12:30 p.m.	\$200

\*There will be NO CAMP on 7/3 - 7/14.

## Pinnacle Girls Basketball Camp (CS1108)

Pinnacle High School Girls Basketball Camp is designed to teach the fundamentals of basketball. Athletes will participate in drills that focus on physical conditioning, shooting, passing, ball handling, defensive footwork, and positioning. Athletes will be challenged both physically and mentally to learn new drills and perform new skills, but all skill levels are welcome to attend. We look forward to seeing you on the court!

*Questions?* Contact Coach Erica Farnsworth at (602) 531-6406 or [efarnsworth@pvschools.net](mailto:efarnsworth@pvschools.net).

School	Room	Grades	Days	Dates	Time	Fee
Pinnacle HS	Large Gym	7-12	Tu-Th	6/6 - 6/15	4:00 p.m. - 6:00 p.m.	\$125

## Pinnacle Spiritline Summer Clinic (CS1465)

Open to all incoming 9th-12th graders interested in Pinnacle Spiritline. This clinic will be split between those interested in cheer and those interested in pom. Cheer will focus on competitive cheer / gymnastic based technique and skill progression of standing & running tumbling, stunting, flexibility, motion technique and more. Pom (dance) will focus on dance based technique and skill progression of pirouettes and a la secondes, jumps/leaps, tricks, flexibility, pom motion technique and more. Official Pinnacle Spiritline game day material will also be taught in both clinics. It is **HIGHLY RECOMMENDED** that those interested in trying out for Pinnacle Spiritline in the future attend this clinic. Participants should wear athletic clothing and shoes and bring their own water. All instruction will be led by the head coaches of each team and feedback will be given to each member during the final week of this session.

*Questions?* Contact Kaley Nowaczyk (Spiritline Director) at (602) 515-6113 or [pinnacleHSspiritline@gmail.com](mailto:pinnacleHSspiritline@gmail.com).

School	Room	Grades	Days	Dates	Time	Fee
Pinnacle HS	Small Gym (Cheer)	9-12	Tu-Th	6/6 - 7/13	5:00 p.m. - 8:00 p.m.	\$300
Pinnacle HS	Dance Room (Pom)	9-12	Tu-Th	6/6 - 7/13	5:00 p.m. - 8:00 p.m.	\$300

\*There will be NO CAMP on 6/27 - 6/29 and 7/4 - 7/6.

# Camp Descriptions • Sports

## Pinnacle Strength, Speed, and Agility for Football Camp (CS1016)

This camp will focus on strength, speed, and agility development for those preparing to play tackle football in the Fall. Campers will improve their strength, balance, and coordination as well as linear and lateral speed as it relates to football. Football-related position skill development will also be emphasized. This camp is a must for high school football players. The youth session for grades 6-8 is in conjunction with the 9:00 a.m. - 10:30 a.m. high school session. *Questions? Contact Coach Dana Zupke at (602) 449-4000 or [dzupke@pvschools.net](mailto:dzupke@pvschools.net).*

Paradise Valley HS	Large Gym	9-12	M-Th	5/30 - 6/22	4:00 p.m. - 6:00 p.m.	\$200

## PV Trojan Football Strength & Conditioning Camp (CS1146)

Is your athlete planning to play football next season at PVHS? This is the camp to send them to so they are ready for the upcoming season. Head Coach Greg Davis is ready for a summer to encourage athletes to get bigger, faster, and stronger. Not only will athletes be working on the physical toughness, but they will also be working on the mental toughness as well. Character development will always be a part of camps and lifting alongside friends is a great way to develop a sense of TEAM. *Questions? Contact Coach Davis at [grdavis@pvschools.net](mailto:grdavis@pvschools.net).*

School	Room	Grades	Days	Dates	Time	Fee
Paradise Valley HS	Football Weight Room	9-12	M-Th	6/5 - 7/20*	7:00 a.m. - 8:30 a.m.	\$225

*\*There will be NO CAMP on 7/3 - 7/6.*

Signature: \_\_\_\_\_

I grant permission for my child to possibly participate in internet activities. Students are expected to follow the District's rules and regulations regarding internet usage. (Copies of policy are available in office).

☐ YES ☐ NO

I grant permission for my child's photograph to be taken for publicity purposes (mainly the summer newsletter), probably in a group shot, at the discretion of PVSchools Administration.

☐ YES ☐ NO

**PLEASE READ CAREFULLY: I HEREBY AUTHORIZE THE DIRECTORS OF THE PROGRAM TO ACT FOR ME IN ANY EMERGENCY REQUIRING MEDICAL ATTENTION. I AGREE TO TREATMENT BY A LICENSED PHYSICIAN WHILE ATTENDING THIS PROGRAM AND TO ASSUME ALL COSTS RELATED TO SUCH TREATMENT. I WAIVE AND RELEASE ANY AND ALL RIGHTS AND CLAIMS I HAVE AGAINST PARADISE VALLEY UNIFIED SCHOOL DISTRICT OR ITS REPRESENTATIVES FOR DAMAGES WHICH MAY BE SUSTAINED BY ME/MY CHILD. I HAVE ALSO READ THE REFUND POLICY AND AGREE TO THE TERMS STATED.**

## Refund Policy and Important Notes:

- Notification will be given for canceled classes/camps. Refunds are available until the start of the class and include a \$25 processing fee.
- Full refunds will be given for canceled classes/camps only. No refunds after the class has begun.
- Fill out a separate registration for each child and for each summer school or camp (please download from [pvschools.net/summer](https://pvschools.net/summer)).
- Pick-up must be promptly at the published end time. A late pick-up fee of \$2 per minute will be assessed starting 10 minutes after dismissal. If a child is picked up late on a third occasion, a late pick-up fee of \$5 per minute will be assessed and the child will be dropped from the program with no refund given.
- Drop off no earlier than 10 minutes before program start time; no supervision prior to this time.
- There will not be a school nurse on staff during summer school.

**Save time – register online: [pvschools.ce.eleyo.com](https://pvschools.ce.eleyo.com)**
