**Minutes:** The minutes from the Feb 24, 2017 meeting were read and reviewed. A motion was made to accept the minutes, the vote was unanimous. The minutes are posted on the website after they have been approved.

**SRO:** As we continue to improve our safety protocols, we are considering applying for a grant for a School Resource Officer (SRO). Boulder Creek staff is partnering with Quail Run staff to write a grant proposal for a shared SRO between our schools. School Resource Officers have very distinct goals in the school setting. These include contributing to an orderly, purposeful atmosphere, which promotes the feeling of safety that is conducive to teaching and learning as well as law related education that promotes a safe, orderly environment, and good citizenship. We want students to know and appreciate the resources a SRO can provide and expose them to a positive role model that serves our community. In other elementary schools in the district, School Resource Officers conduct lessons on bullying, conflict/resolution, bicycle safety, walking to and from school safely, etc. They also interact with students on the playground and around campus, encouraging positive behavior. Please be aware the SRO will not be involved in delivering student disciplinary action. The school will continue to address discipline matters in accordance with the process outlined in the Student Parent Handbook. The SRO may be involved as a positive support for students returning from suspensions for more serious infractions only.
