

*FOR EVERY DREAM, **A PATH***

FOR EVERY STUDENT,
A JOURNEY OF EXCELLENCE

Every student has a different dream for their future—their potential as wide open as their possibilities. With every dream, there's a path waiting to be taken, discoveries to be made and abilities to be realized. And that's where we come in: to inspire, to guide, to challenge and to nurture.

At PVSchools, we provide a journey of excellence for each of our students, from their first steps into the classroom to their final walk at graduation.

For more than a century, PVSchools has created a safe and encouraging learning environment for exploration. From our earliest beginnings with a one-room schoolhouse, to our 45 schools spread throughout North Phoenix and Scottsdale, we've responded to the changing needs of our students, so they're well prepared for the road ahead.

“ Under the strong leadership of the staff and the focus for higher education, all students are given a chance to achieve their educational potential. ”

Naman Shah, North Canyon High School alum

QUALITY EDUCATIONAL CHOICES

We know there isn't a "one size fits all" model when it comes to education. This is why PVSchools has invested in a wide variety of specialty programs to fit the learning needs of your child. Our signature programs provide students with the ability to experience cutting-edge and innovative learning to discover what their interests are. These include K-12 International Baccalaureate Programme, Mandarin and Spanish Foreign Language Immersion programs, K-12 Online program, STEM education, North Valley Arts Academies and Suzuki Strings to name a few.

Guiding your child through this education adventure is our faculty of certified, dedicated teachers who open up the world to eager minds—hungry for information and understanding. We find the best and brightest teachers who bring a sincere desire to see each of their students blossom to become the best they can be.

We're proud to have one of the highest concentrations of National Board Certified Teachers in Arizona along with our numerous educators who are Arizona Master Teachers through the Arizona K-12 Center.

ACHIEVING RESULTS

The results speak for themselves. Among our accomplishments:

- The graduating class of 2015 received nearly 2,000 scholarships worth \$63.2 million.
- Several high schools were recognized in *US News & World Report's* "Top 20 schools in Arizona."
- Several of our schools received A+ School of Excellence designations from the Arizona Educational Foundation.
- In every category for high school students who took the ACT® (College Admissions Test), PVSchools students scored well above the Arizona state average.
- Each year, our students receive national recognitions such as National Merit®
- Finalists, National Merit® Semifinalists and National Hispanic Scholars.
- PVSchools outperforms the state average and the peer district average for the percent of funds spent in the classroom (2015 Auditor General's Report).
- PVSchools was recognized in 2014 as one of the top districts in the state for providing students a big academic "return on investment" for high achievement and low cost operations (Washington, D.C. Center for American Progress).

“Paradise Valley Unified School District is the best preschool through 12th grade school district to meet my daughter's diverse social confidence-building and academic achievement needs.”

Tami A. Carpenter, parent

“Our school is a top-notch school, the teachers are extremely qualified and know how to bring out the best in my son. I am extremely thankful that our journey has led us to PVSchools!”

Mary Grace Wargo, parent

A CURRICULUM FOR THE 21ST CENTURY

PVSchools is committed to providing the very best education for all students.

We've created the very model of what a modern educational institution should look like, which includes a consistent core curriculum, aligned to Arizona's College and Career Ready Standards, coupled with signature programs to serve our students' individual needs and aspirations.

From PVOnline, our virtual classroom, to our North Valley Arts Academies, to our CREST school for advanced science and technology studies and more, we've created 21st century solutions for 21st century students.

PVSchools incorporates state-of-the-art digital technology into the robust curriculum that shapes learning and prepares students for college and career readiness.

Our district has invested in the implementation of student/teacher online tools, including high-definition videos, computational thinking and coding, high-speed bandwidth and Wi-Fi.
