Student safety-parents coming on campus	Katrina is concerned about the amount of parents coming onto campus. They are signing in, but we are not verifying who they are/knowing any information about them. We do not have a check-out system - how do we know they have left the campus? It's a safety concern. Parents might also be walking through the buildings, trying to meet with teachers without making appointments, etc. Katrina asked for ideas on how to address this. We might be applying for a grant for the Raptor system which scans ID's and does a quick check. It also prints off a badge with a date and time. Crystal asked about other campuses. Katrina said some campuses are closed, some go through offices. Katrina also said it was a concern when ERES did the site vulnerability assessment over the summer with the Phoenix PD. It's a discussion that we will continue to have as we try and come up with ways to keep our campus safe for students.	Gather Information	Group
Approve tax credit classes	Classes have not been finalized yet. Will be approved at next meeting or we may do an electronic vote for approval.	Approval	Group

<p>Curriculum Night-ways to improve</p>	<p>How can we improve the turnout? Most teachers had around 7 parents. We tried Meet the Teacher with Curriculum Night last year and it did not go well. What if we try Meet the Teacher for the first 30 minutes, then we can find helpers to watch students in the cafeteria for a movie while parents hear about curriculum? Crystal suggested food or a drawing to get parents onto campus. Let's continue to brainstorm ways to increase attendance.</p>	<p>Gather Information</p>	<p>Group</p>
