

Volleyball Pre-Season Conditioning Information

*In order to participate in conditioning, players MUST have their liability paperwork completed. Please turn this in on the first day to a coach, or prior by emailing a scanned copy to Homeyer@pvlearners.net (Be sure to include your first and last name and grade level) Players cannot participate without it. We will also be completing wellness checks. If you are not feeling well please stay home.

Current Grade Level Fall 2020

12th graders & Varsity Underclassmen Returners from 3-4pm (i.e. 9th grade Varsity returners now in 10th grade)

11th graders from 4-5pm

DATES: 8/20, 8/25, and 8/27 (8/27 will have a try out meeting included)

9th and 10th graders from 4:30-5:30pm

DATES: 8/21, 8/24, and 8/26 (8/26 will have a try out meeting included)

During conditioning in phase one, we can only have 10 players at a time so this is why we broke it up into groups.

TRY OUT DATES 8/31-9/2 3:00pm - 5:00pm (Matador Gym)

*In order to try out players MUST be registered to register my athlete online with ALL paperwork and fees completed.

Also, we have added a link on Facebook and Instagram for registration of a new platform called "Register my athlete".

This is a new process put into place for the 2020/2021 school year for all athletes who participate in school sports.

All parents are required to log into www.registermyathlete.com and create a parent account.

Once the parent account is complete please register each athlete individually under the parent account. This is required to be completed before the student can try out for the season. All information is on the SMHS Athletics website including the register my athlete link. Please talk to Melissa Kern, AD assistant, if you have any questions on your paperwork registration.

Please spread the word for anyone that would like to come out! This information will also be posted on the athletics website.

*Dates and times subject to change with new information that comes out.

This is all the info I have for now. Season schedule is still being worked on. Below are important Documents.
