NEW VIRTUAL BLENDED MODEL OF INSTRUCTION

To support the health and safety of students and staff, High School Summer School will be conducted in a virtual setting. This new virtual blended education model will combine online learning with virtual face-to-face instruction in place of the in-person classroom setting.

To be successful in this environment, students will need to have access to a computer, an internet connection, and a quiet workspace allowing for uninterrupted instruction for 4 hours per day from 8:00 a.m. - 12:00 p.m.

NEW All courses will utilize this virtual blended model.
